Study Biology in Sweden
at Linnaeus University

"Get an aquatic profile in your degree and become the next generation expert in baltic sea ecology"

Classes are small and students gain ample hands-on experience of field work in lakes, streams and the Baltic Sea.

Bachelor's level

Courses

- 2BI513 Freshwater Ecology 7,5 ECTS
- 2BI509 Fish Ecology 7,5 ECTS
- 2BI506 Marine Ecology 15 ECTS
- 2BI508/503/512 Project Work in Biology 7.5 -30 ECTS

Master's level

Courses

- 4BI502 Freshwater Ecology 7,5 ECTS
- 4BI500 Fish Ecology 7,5 ECTS
- 4BI501 Marine Ecology 15 ECTS
- 4BI516 Project Work in Biology 15 ECTS

Master Programmes

- NAAE2 Aquatic Ecology 120 ECTS
- NASE2 Disease Ecololgy 120 ECTS
- NAEV2 Evolutionary Ecology of Fishes 120 ECTS

Application
Apply before January 17 (for autumn semester)

The city of Kalmar is situated on the southeast coast of Sweden with proximity to the ocean and the island of Öland. Kalmar is a beautiful city with 65,000 inhabitants and a long history dating back to the Middle Ages. The lush green areas and the city park are many students' favourites. It is never far to anything and most places can be reached in just 5-10 minutes' walk – the university, the ocean, the gym, or the city centre.
